

THE PLANNING NETWORK:

An Information Sheet for Partners

What is the P4P partner network?

Partners for Planning (P4P) connects a powerful network of professionals, organizations, and agencies. The network is made up of over 100 partner organizations who refer families and caregivers to the [Planning Network](#). The Planning Network has become the go-to planning hub for families in Ontario.

Check out our current directory [here](#)

Why should my organization join the network?

It's a two-way street.

When you become a partner, we add your organization to our directory of partner organizations. Families who come to the Planning Network looking for help or services can find you on our [partner map](#).

When you become a partner, and actively promote the Planning Network, you are sharing important resources for families, at no cost to you or families you serve.

Together, we can provide families with the tools and resources that will help support their loved one with a disability to live the best possible life.

How do I become a partner?

Becoming a partner is free and easy. To register contact Natalie Jones at njones@p4p.ca to complete our *memorandum of understanding* and have your organization's contact information uploaded to the partner map. We will also add your organization's contact information to our online mailing list.

Once you've registered, we will follow-up to see if you require any promotional materials and we'll give you everything you need to know to set up your website or share content on social media.

Who can I contact to learn more?

For more information contact Natalie Jones, *Communication Manager* at P4P.
